

Federal poverty level (FPL)

A measure of income updated yearly by the Department of Health and Human Services (HHS) that's used to determine eligibility for certain programs and benefits, like Marketplace savings, and Medicaid and the Children's Health Insurance Program (CHIP) coverage.

These 2025 FPL income numbers are used to determine eligibility for Medicaid and CHIP. (Income amounts from the previous year, which are slightly lower, are used to calculate Marketplace savings for the next year.)
